S4S Basics

ABOUT US

S4S stands for *Students For Students*. We are run by *young* and *intelligent* university students who are committed to helping current high school students achieve their goals. Our vision is to create a culture of *fun* and *support* whilst providing our students with essential life skills and learning skills that they will continue to benefit from in the future. We truly believe that we are offering a tutoring experience with a difference.

OUR VALUES

We are committed to keeping strong values in the way we teach. Our tutors strive to be:

Fun – making sure students enjoy learning.

Supporting – provide a network of support.

Young – be relatable and motivate students.

Results Orientated – achieving goals.

Intelligent – sharing knowledge and success.

THE 'S4S DIFFERENCE'

Our fresh approach to tutoring has been developed from over 9 years of experience in the education industry. From this experience, we have created an extremely successful tutoring system that offers many things that most other tutoring companies don't...

- ☑ **Young & Relatable Tutors**
- ☑ **Personalised Learning**
- ☑ **Small Class Sizes (5 max.)**
- ☑ **Valuable Feedback & Support**
- ☑ **Fun & Relaxed Environment**
- ☑ **Extra Study Tips**
- ☑ **Career Advice & Guidance**
- ☑ **Helpful Resources & Workshops**
- ☑ **No Contracts**

OUR TOP TUTORS

Our tutors are university students who were top achievers in the HSC with 95+ ATARS. They have the most in-depth knowledge on the subject they are coaching, and have received a Band 6 (top band) in their field. They are also extensively trained and monitored in being able to carry out engaging and structured lessons to our students.

OUR SUBJECTS

YR 4-5:

Selective School Tutoring

YR 6-10:

English & Maths (all levels)

YR 11-12:

English (Standard, Adv.), Maths (General, 2U, Ext, 1), Physics, Chemistry, Economics

Workshops:

Holiday & library workshops on study skills, HSC, careers and *more!*

OUR GUARANTEE

We put the happiness of our students and parents above all else. That's why we have **no lock-in contracts**, and go out of our way to make sure our students are getting the best education. We guarantee **risk-free tutoring**.

Our Difference

When it comes to our approach to tutoring, we're different to other companies. Our focus isn't on rote learning or a one-size-fits-all model, but on a system that caters to the personalised need of each student.

Young & Relatable Tutors

Our tutors are university students who graduated with top ATARS and we make sure that they have the most in-depth knowledge on the subject they are coaching. The most important aspect about our tutors is that they have not forgotten what it was like to be a student. This means they can easily relate and communicate with their students, whilst maintaining the professionalism required to see top results come out of their students.

Personalised Learning

The method and aim behind our teaching is to ensure that our students reach their full potential in learning and are more than prepared to succeed in their exams. In addition to the resources used in weekly tutoring, your child will sit at least one exam per term. The tutor will mark this exam the following week to examine where your child has lost marks and to determine which areas of weakness can be improved upon. Your child's tutor will provide the knowledge to help your child analyse their mistakes before developing the right strategies to help them improve.

Fun & Relaxed Environment

We are unique from most schooling and coaching systems because we treat mistakes as opportunities for improvement, rather than something to be feared or penalized for. Instead, we encourage students to learn from their mistakes in order to continuously improve their skills and learn to think outside the box.

Valuable Feedback & Support

At the end of each term, constructive tutor-to-parent feedback will update you on the progress of your child, show where improvements have been made, and inform you on the areas of focus for next term. In addition, a summary of the conversation will also be emailed to you, along with the student's progress report. With this kind of feedback and support, you can have confidence that your child is moving forward positively and continuing to excel in his or her performance.

We also believe that the support and understanding provided by parents plays a crucial role in the successful performance of students. The successful communication at S4S Coaching between our students, parents and tutors serves to provide a sound network of support for our students.

Career Advice & Guidance

Our guidance for students extends beyond simply giving good teaching – we aim to provide the skills necessary for successful study habits that will benefit your child throughout life. We teach our students techniques for exam preparation, note making, stress management and more. We do our best to provide our students with all the skills they need to gain enough confidence to succeed. This means that we also provide career advice and guidance for students, to help them succeed beyond school.

Helpful Resources & Workshops

We also care for our community and go out of our way to provide free workshops, talks and homework help at local libraries and schools. We believe that all students deserve the help they need to succeed.
